SECTION 1 - EMERGENCY ACTION PLAN

1.1 EMERGENCY MANAGEMENT

This plan works along with our Emergency Program in our Company Safety Program. Our company site supervision will complete and distribute the Emergency Response Map for this site. In the event of an emergency requiring evacuation, employees will receive verbal notification to evacuate. If this occurs, all personnel are to evacuate to the emergency staging area as noted on the emergency response map. In the event of an emergency contact:

Company	Name	Phone Number
Chesmar Homes	Ernest Ortiz	512-848-0715
Chesmar Homes	Chris Lazar	210-931-6122

1.2 INCIDENT / INJURY HANDLING AND REPORTING POLICY

If someone is seriously injured and it is an emergency, call 911. Notify your supervisor and the project superintendent. Those trained in CPR & First Aid are to help according to their level of training. All injuries, equipment and property damage, near miss incidents, and on-site vehicle accidents must be reported immediately.
