Under Federal, State and Local Law, it is the responsibility of the employer and all subcontractors to mark all hazards with appropriate signs

INSPECTION ITEMS

Item	Na	Comment
Safety Manual (GISO, 3202)	Na	
Tailgate Meetings (CSO, 1509)	Na	
SDS (CSO, 1594)	Na	
Daily Inspections (CSO, 1511)	Na	
Sub-Contractor Meetings (CSO, 3203)	Na	
Labor Law Posters (CSO, 3203)	Na	
Codes of Safe Practice / Emergency Posters (CSO, 3203)	Na	
Permits (CSO, 3203)	Na	
Fire Extinguisher (CSO, 1920-1938)	Na	
Building Fire Extinguisher (CSO, 1926.150)	Na	
First Aid Kit (CSO, 1512)	Satisfactory	
First Aid / CPR Cert (CSO, 1512)	Satisfactory	
Restrooms / Washing Facilities (CSO, 1527)	Unsatisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdgd with the test test and I test testing testing and testing test
Waste Containers (CSO, 1529)	Unsatisfactory	
Water Supply (CSO, 3395)	Unsatisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdgd with the test test and I test testing testing and testing test
Shade (CSO, 3395)	Unsatisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdgd with the test test and I test testing testing and testing test

Safety Compliance Company is not responsible for unsafe conditions and situations not seen during this inspection. The items listed above represent only what was seen by the Safety Compliance Company Representative at the time of the inspection. Safety Compliance Company is not responsible for any ongoing unsafe condition(s) whether seen or unseen. In addition, Safety Compliance Company does not have the authority or authorization to approve, certify, or warranty any safety equipment or safety device. This agreement also indemnifies Safety Compliance Company of any omission, gross negligence, willful misconduct related to this report. Under Federal, State and Local Law, it is the responsibility of the employer and all subcontractors to mark all hazards with appropriate signs

Power Tools (CSO, 3555)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Hand Tools (CSO, 1699)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Power Saws (CSO, 1680-1682)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Personal Protective Equipment (CSO, 1514)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Electrical Safety (CSO, 2299-2972, 1760)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Trenching & Excavation (CSO, 1539-1547)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Confined Space (CSO, 5157)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test

Safety Compliance Company is not responsible for unsafe conditions and situations not seen during this inspection. The items listed above represent only what was seen by the Safety Compliance Company Representative at the time of the inspection. Safety Compliance Company is not responsible for any ongoing unsafe condition(s) whether seen or unseen. In addition, Safety Compliance Company does not have the authority or authorization to approve, certify, or warranty any safety equipment or safety device. This agreement also indemnifies Safety Compliance Company of any omission, gross negligence, willful misconduct related to this report. Under Federal, State and Local Law, it is the responsibility of the employer and all subcontractors to mark all hazards with appropriate signs

Fall Protection (CSO, 1669-1672)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Ladder Safety (CSO, 1675-1678)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Access / Egress (CSO, 1629-1631)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Stairways / Ramps / Runways (CSO, 1623-1626)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Heavy Equipment (CSO, 1590-1596)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Crane / Rigging (CSO, 1610, 1619/50061)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Powder Actuated Tools (CSO 1684-1692)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test

Safety Compliance Company is not responsible for unsafe conditions and situations not seen during this inspection. The items listed above represent only what was seen by the Safety Compliance Company Representative at the time of the inspection. Safety Compliance Company is not responsible for any ongoing unsafe condition(s) whether seen or unseen. In addition, Safety Compliance Company does not have the authority or authorization to approve, certify, or warranty any safety equipment or safety device. This agreement also indemnifies Safety Compliance Company of any omission, gross negligence, willful misconduct related to this report. Under Federal, State and Local Law, it is the responsibility of the employer and all subcontractors to mark all hazards with appropriate signs

Cylinder Storage (CSO 1739-1743)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Floor, Roof, Wall Openings (CSO, 1626-1632)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Railing (CSO, 1621)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Material Storage (CSO, 1549)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Impalement Hazards (CSO, 1712)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Traffic Control (CSO, 1597-1599)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Scissor Lifts / Boom Lifts (3646-3648)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test

Safety Compliance Company is not responsible for unsafe conditions and situations not seen during this inspection. The items listed above represent only what was seen by the Safety Compliance Company Representative at the time of the inspection. Safety Compliance Company is not responsible for any ongoing unsafe condition(s) whether seen or unseen. In addition, Safety Compliance Company does not have the authority or authorization to approve, certify, or warranty any safety equipment or safety device. This agreement also indemnifies Safety Compliance Company of any omission, gross negligence, willful misconduct related to this report. Under Federal, State and Local Law, it is the responsibility of the employer and all subcontractors to mark all hazards with appropriate signs

Powered Industrial Trucks (CSO, 3650-3669)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Scaffolding / Shoring (CSO, 1635.1-1655)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Suspended Scaffolding (CSO, 1658-1667)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Silica Exposure / Dust (CSO, 5155, 5128-1537)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Hot Work (CSO, 6777)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Housekeeping (CSO, 1513)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test
Roofing Operations (CSO, 1723-1731)	Satisfactory	Test testing test tomorrow for test results and test testing testing test testing test for the new test testing testing test and then testing testing and test it and again in a new hhdhgd with the test test and I test testing testing and testing test

Safety Compliance Company is not responsible for unsafe conditions and situations not seen during this inspection. The items listed above represent only what was seen by the Safety Compliance Company Representative at the time of the inspection. Safety Compliance Company is not responsible for any ongoing unsafe condition(s) whether seen or unseen.
